

## Energy supply bridges Reagent shelves

A proved way of energy supply for laboratory tables are the **neuberger** energy supply bridge. The required plug sockets, data sockets and distribution box can be installed into the electrical supply ducts made of epoxy coated aluminium. Hanging laboratory or pure gas fittings of island benches can be controlled on both sides. The energy supply bridges are pre-installed. The energy installation point can be on the floor or on the ceiling.

Equipments on the reagent shelves are protected with a safety rim.

### Reagent shelves for wall bench

1 frame made of tubular steel, powder coated  
4 stand sockets, 2 wire-glass shelves

### Energy supply bridge for island bench

2 columns made of melamine resin  
1 electrical supply duct made of alu with compact resin panel

### Reagent shelves for island bench

1 frame made of tubular steel, powder coated  
8 stand sockets  
2 wire-glass shelves

### Energy supply bridge for island bench

2 columns made of melamine resin  
2 electrical supply ducts made of alu with compact resin panel

### Reagent shelves for island bench

1 frame made of tubular steel, powder coated  
with columns for direct installation on the worktop  
8 stand sockets  
2 wire-glass shelves

## Hanging supply ducts

A extensive energy supply and at the same time a absolutely free and one-piece work top is what the **neuberger** hanging supply duct offers. If you use fix Laboratory benches, mobile furniture units or equipments in the laboratory, that construction offers you the required media.

In addition to the supply of current, water, gas etc. it is possible to install sewerages with connection-coupling. Next to those sewerages mobile sinks with a pump for wast water can be connected.

The hanging supply ducts are available in various sizes for wall and island benches. Optional we also got integrated lamps.

### Hanging supply duct above wall bench

Made of powder coated steel sheet, with fitting panel, mounting construction and storage space for equipment

**AMW60**

600 x 300 mm

**AMW90**

900 x 300 mm

**AMW120**

1200 x 300 mm

### Hanging supply duct above island bench

Made of powder coated steel sheet, with fitting panel, mounting construction and storage space for equipment

**AMM60**

600 x 600 mm

**AMM90**

900 x 600 mm

**AMM120**

1200 x 600 mm

### Hanging supply duct with integrated light, above island bench

Made of powder coated steel sheet, with fitting panel, mounting construction and storage space for equipment

**AMM60L**

600 x 750 mm

**AMM90L**

900 x 750 mm

**AMM120L**

1200 x 750 mm

### Energy supply cell for wall bench

Powder coated steel frame,  
Electrical supply duct made of alu with compact resin panel,  
Compact resin panel for water and gas fittings

#### EZW 60

Length: 600 mm  
Width: 210 mm  
Height: 1875 mm or  
2200 mm for mounting of wall cabinets

#### EZW 90

Length: 900 mm  
Width: 210 mm  
Height: 1875 mm or  
2200 mm for mounting of wall cabinets

#### EZW 120

Length: 1200 mm  
Width: 210 mm  
Height: 1875 mm or  
2200 mm for mounting of wall cabinets

### Energy supply cell for island bench

Powder coated steel frame,  
Electrical supply duct made of alu with compact resin panel, on both  
sides  
Compact resin panel for water and gas fittings, on both sides

#### EZM 60

Length: 600 mm  
Width: 360 mm  
Height: 1875 mm or  
2200 mm for mounting of wall cabinets

#### EZM 90

Length: 900 mm  
Width: 360 mm  
Height: 1875 mm or  
2200 mm for mounting of wall cabinets

#### EZM 120

Length: 1200 mm  
Width: 360 mm  
Height: 1875 mm or  
2200 mm for mounting of wall cabinets

### Reagent board

#### EZT 60

568 x 280 mm  
2 attaching sheet  
1 melamine resin shelf

#### EZT 90

868 x 280 mm  
2 attaching sheet  
1 melamine resin shelf

#### EZT 120

1168 x 280 mm  
2 attaching sheet  
1 melamine resin shelf

### Reagent shelf

#### EZE 60

590 x 185 mm  
1 shelf frame  
2 stand sockets  
1 wire-glass shelf

#### EZE 90

890 x 185 mm  
1 shelf frame  
2 stand sockets  
1 wire-glass shelf

#### EZE 120

1190 x 185 mm  
1 shelf frame  
2 stand sockets  
1 wire-glass shelf
